**Subject:** UK National Stem Cell Network (UKNSCN) Interim Bulletin - Spare Places at Stem Cell Clinical trials Workshop 25 November

**Attachments:** ClinicalTrialsProgramme7Nov2008.doc

Dear Colleagues,

**UKNSCN INTERIM BULLETIN - UKNSCN/CHARITIES STEM CELL CLINICAL TRIALS WORKSHOP, 25 NOVEMBER, LONDON**

**SPARE PLACES AVAILABLE FOR UKNSCN MEMBERSHIP - REGISTER NOW**

There are up to 30 spare places available at a forthcoming UKNSCN/Charities workshop on translational research and clinical trials using stem cells. This will take place on 25 November at the offices of the Clifford Chance law firm at Canary Wharf, central London (10 Upper Bank Street, 32nd floor). The programme for the day is attached and, until now, attendance has been by invitation only largely for the charitable sector. Attendance is free-of-charge, though you must register in advance by contacting Fiona Dickenson at the following address: [fiona.dickenson@bbsrc.ac.uk](mailto:fiona.dickenson@bbsrc.ac.uk). Capacity at the venue is limited, and the remaining places will be issued on a first-come first-served basis until capacity is reached. If you have not registered in advance, you will not be able to gain access to the venue.

The workshop is a collaboration between UKNSCN and several of the UK's disease-based charities and is aimed at appraising the current progress with clinical trials using stem cells in a range of diseases/conditions, and improving understanding of the hurdles which are slowing the progress of stem cell research towards early-stage trials. The day will conclude with a drinks reception.

Yours sincerely,

Ben Sykes

UKNSCN Coordinator
